4.5 HotFix 10 includes the following:

- Fixes an issue with Polycom Soundstation IP 5000, 6000 and 7000 Conference Room phones which prevents the phone from upgrading from Polycom SIP Application Version 3.3 to Polycom SIP Application Version 4.0. (PF-265)
- Fixes an issue where the Contacts folder is missing for the ftp accounts PLCM and SLNK. (BR-2048)

Note: The alpha-numeric identifier in parentheses refers to the related entry in the Vertical issue-tracking database.
